Jun 2026 **Best Paper Award** — Korea Convergence Security Association 2026 Summer Conference, for [C1]

RESEARCH EXPERIENCE

2026 **Regulatory Framework for Cybersecurity Visibility in Nuclear Facilities** — The University of Suwon (NSSC-funded, Phase 1 Year 1)

- Co-author of the Year-1 Nuclear Safety Technology Report (N-STAR), submitted to NSSC, Jul 2026
- Responsible for the US (NRC·NEI), UK (ONR), and Korea (KINAC) analyses: per-regulator review and clause-level mapping of 26 documents to a four-domain visibility framework

PROJECTS

2026 **CAMWATCH — Hidden Camera Detection System** · Hanium ICT Mentoring, 5-person team

- Monitoring dashboard (React, 5 views) presenting AI verdicts with grade, probability, and per-feature evidence; WebSocket + polling with backoff reconnect
- Ingest/verification API, alert promotion and de-duplication, PostgreSQL schema
- Docker Compose · nginx · Cloudflare Tunnel deployment; CI gate of four checks, watchdog, daily backups

2026 **Everyone's Startup (MSS · KISED)** — first-person voice memoir service; advanced to Round 1 (concluded)
